

Hangar Talk

Issue 1 – January 2013

NEXT MEETING
Jan 21st, 6:30

From the Prez'
Club President Bob Kleis

Hello Fellow Members,

I was cruising around the Internet and I found a really neat foamy that you could build on these cold winter nights. There are really no plans that I could find but you could use your imagination and make a really cool foamy. It would be kind of like an Osprey VTOL but much easier and cheaper to construct and fly. I talked to Don Seay who we all know has a great working knowledge of quad copters and he said you would have to buy a control board for a quad copter to make it work. There is a video of one flying and I am including the link at the end of this article.

Your President
Bob Kleis, Jr

Wilson Low – Vice President

Hello Everyone,

Happy New Year to you all!

Yes...it's 2013 and we had 5 First Flight of the year January 1st.

8:00A	Wilson Low	Yak
8:10A	Denny Runge	Eagle
11:45A	Kevin Kyle	Yak
1:00P	Gary Waters	Apprentice with skis
3:00P	Al Slachter	Wild Cat

It was pretty nice in the morning but as the day went on, it got a little cooler and a little more windy. Fun was had by all and no mishaps. Stan came by but was having a problem with his ignitor.

We had a nice day Saturday, January 12th down at the field. We had many flyers out there and everyone had a good time, until the clouds moved in and it got colder....and then the rain came. You have to take advantage of the nice days, we have another 2 months of winter to get through.

Don't forget you have indoor flying as an option. There are several places that you can do some indoor flying this year. I've been to a few of them and had fun at all of the indoor flying places. Come out and check it out if you haven't already. Flying isn't just for outside...it IS for inside as well!

The lock on the Frequency Shed has been changed. You will have to pay your club dues to receive the new key. Please turn in your old key, we will setup a can for you to drop off your old key inside on the table.

Have FUN and Fly SAFE!

Wilson Low

Meeting Minutes

Our December meeting was our dinner meeting at the Sirloin Stockade in Columbus.

From the Editor
Dennis Runge

Hi Everybody,

THE LOCK HAS BEEN CHANGED on the door to the frequency shed at field, your 2013 club dues need to be paid to receive a new key.

Spent all day Saturday, the 12th, at the field, temps were in the low 60's with little or no wind. Not many days like this for flying outside this time of year. Ended up having about 14-16 members show up to take advantage of the GREAT weather.

Check out the indoor flying schedules on the board at the field or check out our face-book page that Wilson keeps up to date with the indoor schedule. I've been over to Martinsville Middle School and up to the Gathering Place on Main in Greenwood so far this year and both places are great for some good indoor flying and bs'ing with fellow fliers. Thanks to the clubs and individuals that have taken the time to set up these indoor/winter flying sites.

Let's not forget, your club dues are due and so are your AMA dues. Also remember club dues are now \$40/year.

You can pay your club dues by going to our web site and using pay-pal or your credit card or by sending a check made out to JCRCF to me.

Let's not forget: the last member to leave the field has to make sure the frequency shed/club house is locked and secure.

Enough said. See you at field. HAPPY FLYING.
Denny

Next Meeting:

Jan 21st, 6:30

At field
