Issue 12 – December 2007

From the Prez' **Club President Stan Durnal**

"Moving Forward"

I've just been advised that my presence is required in Germany from the 19th until the 25th of January. This being said, I'll miss the party/meeting.

I have every confidence that you'll be able to carry on without me. Please express my regrets to the membership.

I have an early Christmas gift. A new grand daughter was born on Friday the 30th of Nov. 2007. Alli Renae Watkins entered the world 3 weeks early. Her daddy is being processed for deployment immediately after New Year's, and is currently undergoing training in GA. Father & baby are expected to meet later this week. (This is my youngest daughter Staci's first baby) Everyone's OK except for dad, who may break a speed limit or two on the way home this weekend. 6lbs 8oz 19.75" long.

As always: "Fly Safe, Have Fun".
Regards,
Stan

Well hello again,

Its winter now and not much in the way of flying at the field going on only on a good day and those are few and far between. If you do get to fly the frig at the field has been cleared of pop only the waters are left and the frig has been unplugged. The cans of pop would be frozen and burst. So if you get out you may want to bring your own pop. There are so flying going on indoors that is. At Anderson Airport in a hanger there every other weekend and even is you don't fly there, just going to watch is something to see in itself. Also don't forget the club Xmas party coming up. That's about all that I have at this time so everyone have a safe and happy holiday.

See You Out There
Mike

Hi All

Dang, it seemed like we went from 90 to 40 degrees and got cheated out of the great weather. The Fun-Fly is in the record books and I got a lot of good comments (this was the fun and the best time I ever had flying) so we needed 2 Fun-Fly's for 2008. Mid June and earlier November. Now to all members, these will be member only with picnics. Please procure or dedicate a plane for our Fun-Fly's over the winter. Swap meets coming up to get a beater plane. Stan Durnal needs some cheap props. I think he went thru only 4.....HAH

Now I have the Senior Pattern Association coming to our field in August and will be a National Event with magazine coverage. I need a few more of you guys to join the SPA for 2008 (\$20 a year) This will be a full fledged competition, more relaxed than AMA pattern and 10 times more fun I have been told. A few of us have decided to attend early year SPA contests to get our feet wet and even compete. Dang ---I need a thumbs transplant real quick. Scott has already got his approved plane (Contender) and I have mine. My brother in Florida just ordered his (Tower Kaos and K&B 61 twister on sale for \$99 from Meco. I am doing my part to promote our field and Scott and I are going to fellow club meetings to promote SPA contest for Indiana. Here is the SPA site for you to browse. I am excited for you guys and me -- can't you tell. Oh, by the way Charlie Bauer AMA district VI got more pictures and article for Fun-Fly 2007. The last AMA issue said he was in need of articles. Well he has 2 of ours so we will see what happens. Which one of you good flyers wants to volunteer his thumbs for my upcoming transplant.....HAH

Now a message from our NEW incoming President

To the Members:

I want to say that I am looking forward to being President of the club. If the rest of the officers weren't seasoned veterans, committed to this club, I would have never taken on the job.

I want to do my best to be fair and impartial, and work for the advancement of all parts of the radio controlled model aviation hobby.

If anyone in the club has any comments or opinions they would like to share with me I am always open to listening.

At the end of the day, we are all working for the same thing, to get fun and enjoyment from our hobby, with as few hassles as possible, and to make a brighter future for model aviation.

Your President
Bob Kleis, Jr.
